SMARTPARTNER™ - Insurance claims platform

“The segment is really moving towards a very sophisticated level. If you can't match that sophistication, you're not going to partner with the national carriers.... CoventBridge is [moving towards being] data-driven.”

- Claims Supervisor, Large Carrier

“CoventBridge has advance tracking systems...their case management software [SmartPartner] is all-encompassing.”

- VP SIU, Carrier

“We need that one vendor [CoventBridge] to be our housing - authority to get everything in. And that's what keeps us streamlined on the reporting process.”

- RVP, Carrier

“We switched from [another vendor] to CoventBridge because of the - system enhancements and their ability to give us live feeds into our system. They were able to house the entire investigation within our claims system.”

- VP SIU, Carrier

“it's really the relationship at the end of the day with our claims people that is a strength of CoventBridge...the ability to quickly get - out when we need investigations out there.”

- TPA Employee

ADVANCETRACK™ - Program integrity platform

“AdvanceTrack is an advanced case tracking system. It has the capability of linking investigative tracking, data analysis requests, special requests to data scientists and also medical review, which is a huge aspect of the program integrity work.”

- Former Healthcare Fraud Investigations Lead, CMS/HHS Program Integrity Provider

“The AdvanceTrack system is very robust.”

- Former Program Integrity Manager, CMS/HHS Program Integrity Provider

“CoventBridge has the expertise in investigation results and data sharing, and the ability to do field investigations nationwide.”

- Claims Supervisor, Carrier

“I think their [CoventBridge's] general ability and breadth of what their menu actions are - including their national reach and doing business in all 50 states - sets them apart.”

- Recent Former Employee, Carrier

“The feedback I hear consistently is that they are delivering results...It's a tremendous relationship.”

- TPA Employee

“If I were looking for end result field investigation and data sharing, I'd go CoventBridge.”

- Claims Supervisor, Independent Adjuster

Let our global network of highly skilled professionals, using the most sophisticated technology available, help to determine the best course of action for your investigation.
